

Judy Pufpaff

On this journey we call "Life," each of us is given a unique light and spirit within. My "spirit" is fed when I paint.

Painting places that I have walked, capturing the light and energy of the moment ignites my passion.

Oil painting on canvas is my first love. Another method of creating, using 400 lb watercolor paper primed with pastel ground, building layers of pigment with colored pencils, pastels and oil pastels allows me to capture nature's many gifts.

You may email me at angelspirit@verizon.net or call 716-689-2485 with questions regarding my work.

Carried by Angels Mathew 24:36
